

Dr. Alan S. Hanson

Alan Hanson was appointed as Executive Vice President, Technologies and Used Fuel Management, of AREVA NC Inc., an AREVA company, in 2005. He continues his responsibilities as CEO of Transnuclear, Inc., also an AREVA company, which he joined in 1985. Transnuclear designs, licenses and supplies dry storage casks; more than half of the casks in the U.S. have been supplied by Transnuclear.

Dr. Hanson began his career in 1975 with the Nuclear Services Division of Yankee Atomic Electric Company. In 1979, he joined the International Atomic Energy Agency (IAEA) in Vienna, Austria. At the IAEA, he served first as Coordinator of the International Spent Fuel Management Program and later as Policy Analyst with responsibilities in the areas of safeguards and non-proliferation policies.

Alan Hanson received a B.S. degree in mechanical engineering from Stanford University and earned his Ph.D. in nuclear engineering from Massachusetts Institute of Technology (MIT). He is a member of the American Nuclear Society and the American Society of Mechanical Engineers.
